

Danderine

Grew Miss Wilson's Hair

AND WE CAN

PROVE IT.

Danderine Is So Exhilarating, Invigorating

and strengthening to both the hair and scalp that even a 25c bottle of it is often enough to show wonderful improvements. It at once imparts a sparkling brilliancy and velvety softness to the hair, and a few weeks' use will cause new hair to grow out all over the scalp, and grow abundantly, long and beautiful. Use it every day for awhile, after which two or three times a week will be enough to complete whatever growth you desire.

NOW at all druggists, in three sizes, 25 cents, 50 cents and \$1.00 per bottle.

FREE. To show how quickly Danderine acts, we will send a large sample free by return mail to any one who sends this advertisement to the Knowlton Danderine Co., Chicago, with their name and address and ten cents in silver or stamps to pay postage.

MERCHANTS WILL HOLD MEETING

And Endeavor to Bring an Excursion Into the City to Be Composed of Buyers from Various Sections of the Southern States.

MANY FAVOR THE IDEA AND THE MEETING IS TO BE HELD THIS AFTERNOON AT 3:30 O'CLOCK AT THE MERCHANTS HOTEL.

Under the caption, "An Opportunity Pensacola Merchants must grasp at now or lose it," The Journal of last Sunday called the attention of the merchants and trades people of Pensacola to their opportunity now to recover any of the ground they may have lost during the past three months.

In line with the above suggestion of The Journal, Secretary Jones of the Chamber of Commerce, is circulating the following petition among the merchants of Pensacola, to-wit:

"We, the undersigned, hereby agree to attend a meeting of the merchants of Pensacola to be held in the parlors of the Merchants Hotel at 3:30 p. m. Thursday, November 16, 1905, for the purpose of discussing and formulating plans to bring an excursion of buyers into Pensacola upon the abolishment of prevailing quarantine restrictions."

The above call has been signed by the following mercantile houses of Pensacola:

Consolidated Grocery Co., A. Greenhut & Co., D. Kugelman & Co., The Lewis Bear Co., A. Moog, Bass & Co., Gordon-Brown Hardware Co., Gulf City Coffee Co. and Marine Grocery Co.

It is hoped that all of the merchants of Pensacola, both wholesalers and retail, will attend the meeting called for today at 3:30 p. m. at the Merchants Hotel.

APPRENTICE GIRL WANTED.

WANTED—An apprentice girl to learn Millinery trade. Apply at once, Falk's 109 S. Palafox St.

MERCURY MAKES WRECKS NOT CURES

Thousands who have had their health ruined by Mercury testify that it makes wrecks instead of cures in the treatment of Contagious Blood Poison. While it may mask the disease in the system for awhile, when the treatment is left off, the trouble returns with renewed violence, combined with the disastrous effects of this powerful mineral. Mercury, and Potash, which is also a common treatment for Contagious Blood Poison, eat out the lining of the stomach and bowels, produce chronic dyspepsia, cause the teeth to decay, make spongy, tender gums, affect the bones and muscles, and leave its victims complete physical wrecks. Another effect of this treatment is mercurial rheumatism, the worst and most hopeless form of this disease. There is but one certain, reliable antidote for this destructive poison, and that is S. S. S. It is the only medicine that is able to go into the blood and cure the disease permanently. S. S. S. does not hide or cover up anything, but so completely drives out the poison that no signs of it are ever seen again. S. S. S. is made entirely of roots, herbs and barks, and while curing Contagious Blood Poison, will drive out the effects of any mineral treatment. We offer a reward of \$1,000 for proof that S. S. S. contains a particle of mineral of any kind. Book with instructions for self-treatment and any medical advice wished furnished without charge.

S.S.S.

PURELY VEGETABLE.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

BEULAH

Special to The Journal.

Beulah, Nov. 15.—This beautiful weather ought to satisfy the most exacting for it is hard to equal outside of Florida.

The syrup makers have about all they can do and are putting in all of the daylight hours and part of the night to keep up with orders from merchants in the city, as new syrup is always sought after in preference to old.

The Rural Free Delivery is appreciated by the patrons of this route is shown by the number of pieces handled last month, over 3,700. Stamp sales were \$28.00 and registered mail 18 pieces and money orders \$40. No one now would want to go back to the old way of getting mail and there would be a lively kick if they should have to.

The young men of Beulah who were attending the business college in Pensacola are getting anxious to get back to their school work.

Mr. H. Ponton came home from Alabama last week. He has not been home for three months and his family and friends are glad to welcome him.

Mrs. James Bryant has fully recovered her health under the skillful treatment of Dr. Trammel, of Muscogee.

There was quite a heavy frost here last Sunday morning and it seemed to be general on high and low ground alike. It is not often that people welcome a killing frost with delight but everyone was pleased to see this one.

We had Sabbath school last Sabbath but the number in attendance was very small. If those who ought to be the most interested do not take hold and help more the school will have to close, which will be a bad showing for the religious sentiment of this community.

There will be preaching at the M. E. church next Sunday at 11 a. m., by Rev. Garret, of Muscogee.

TAMPA CAN FIX WATER RATES

LONG LITIGATION ENDED BY RECENT DECISION OF UNITED STATES SUPREME COURT.

Tampa, Nov. 15.—The decision of the United States Supreme Court in the case of the Tampa waterworks against the city of Tampa, puts an end to long-continued litigation, which has been going on between the waterworks company and the city authorities over the question of the modification of the rates charged consumers of water by the company owning the waterworks franchise.

By the decision which has just been rendered by the highest court of the land the City Council has the right to pass ordinances fixing the water rates.

The litigation was commenced several years ago, when F. L. Wing was mayor of Tampa, and has been pending in the courts ever since. The contention of the city that the municipal authorities had the right to fix the rates was decided in its favor by the lower courts, when the company carried the case on appeal to the United States Supreme Court, with the result that this tribunal sustained the city's contention.

The main question is settled by the decision. There still remains the settlement of the question as to whether or not the rates fixed by the City Council are reasonable and just.

This question will be argued before Judge Locke, who will determine whether the reductions made in the water rates during the Wing administration will stand.

When You Have a Bad Cold.

You want a remedy that will not only give quick relief but effect a permanent cure.

You want a remedy that will relieve the lungs and keep expectoration easy.

You want a remedy that will counteract and tendency toward pneumonia.

You want a remedy that is pleasant and safe to take.

Chamberlain's Cough Remedy meets all of these requirements and for the speedy and permanent cure of bad colds stands without a peer. For sale by all druggists.

TO TEST THE JIM CROW LAW

The Jacksonville Times-Union of yesterday says:

The ordinance requiring the separation of the races on the street cars will be tested in the Municipal Court this morning, when Andrew Patterson, colored, will be tried for an alleged violation thereof.

Patterson was arrested yesterday afternoon by Officer Highsmith, on West Bay street, on complaint of Conductor Porter, on one of the Bay street cars, who alleges that the negro occupied the portion of the car reserved for the whites. Upon the refusal of the negro to move, the car was stopped and Officer Highsmith requested to place the man under arrest.

The defendant will be represented this morning by a colored lawyer. It is understood that Patterson was instructed by the attorney to occupy the portion of the car reserved for whites, so that a test case could be made.

City Attorney J. M. Barrs drafted the race separation ordinance, and he will represent the city in the prosecution of the case.

NEGRO KILLED AT ORANGE HEIGHTS

SHOT BY SEABOARD YARDMASTER IN SELF DEFENSE—ANOTHER NEGRO'S THROAT CUT.

Gainesville, Nov. 15.—The vicinity of the Orange Heights schoolhouse, in the East End, was the scene of a tragedy at a late hour Saturday evening which cost George Bradley, a negro, his life, as E. R. B. Kite, yardmaster of the Seaboard Air Line Railway at Waldo, was compelled to kill him to save himself, so it is alleged. Immediately after the tragedy Mr. Kite telegraphed Attorney Evans Halle of this city to come to Waldo at once, notifying him of the trouble and stating that he was willing to surrender. Deputy Sheriff J. H. Granger accompanied Attorney Halle, and upon their arrival at Waldo Mr. Kite gave himself up, but immediately gave bond for his appearance before the grand jury.

From the best information obtainable, it appears that one day last week Kite's little sister, about 14 years of age, who is attending school near Orange Heights, took her dinner to school as she had been accustomed to do regularly. A hog belonging to Bradley overturned the basket and ate the little girl's lunch, when some boy classmates caught the animal and cut its tail off. This so enraged Bradley who came upon the scene shortly afterward, that he is alleged to have used abusive language to the little girl, stating at the time that if her "big brother" wanted to take it up he (Bradley) would give him all he was looking for.

The girl told her brother of the occurrence, but, while he was naturally provoked, he let the matter drop. He was riding in the vicinity of Bradley's home Saturday afternoon, when he met Bradley, who was armed with a shotgun. Bradley accosted Mr. Kite referring to the incident of a few days previous, and asked him if he "wanted to take it up," at the same time directing a vile oath at him and raising his gun as if endeavoring to shoot. At this instant Kite, realizing the gravity of the situation and his danger, raised his rifle, which he carried in the wagon, and fired three times, each shot taking effect. Bradley expired instantly, when Mr. Kite drove back to Waldo, telegraphed to Mr. Halle and surrendered to the officers.

Had Throat Cut. Information has reached this city of a rough house in Newberry Saturday night, when William Hays, a negro, had his throat cut so badly that he came near bleeding to death before medical aid could reach him. The tragedy is said to have occurred after the lights had been extinguished in a festival hall, and the party who committed the deed made his escape and has not yet been captured.

State's Attorney Benjamin B. Calhoun of Palatka, who is attending the Circuit Court, states that there is a tremendous lot of business to be disposed of by the grand jury, which began its labors Monday. There are sixty-one cases already docketed, five of which are charges of murder. Attorney Calhoun estimates that five weeks will be required to clear the heavy docket.

Hon. Alex St. Clair-Abrams of Jacksonville and Hon. R. A. Burford, a prominent attorney of Ocala, are attending court here.

GOOD COFFEE

will do IF you can digest it.

POSTUM, well made, is superb and you can digest it.

A GENTLEMAN'S TASTE IS BEST SUITED WITH A

CERTIFIED CHECK 5c CIGAR.

All the qualities of flavor, aroma, color and good material is embodied in it.
